

## Independent Life

Thank you for contacting us.

Our company, Independent Life, launched in 2018 as a life insurer dedicated to structured settlements and serving personal injury victims and their families. While our name is similar, we are not the company that issued your life insurance policy.

*Policies issued by that company are serviced by American General Life Insurance Company. They can be reached at 800-888-2452.*

We hope this resolves your question - thank you and have a great day.
